

Introducing Cigna Platinum

We're not just there when you need us most. From routine health checks to everyday doctor and specialist visits, our plans help you and your family stay in great shape all year round. Supporting you in both body and mind.

Cigna's Global Platinum plan is the most comprehensive level of cover we offer, with an extensive suite of tailored benefits and services. We believe customers should have a health plan that is right for them, therefore with our Platinum add-ons it allows you to optimise your health with preventative and personalised services.

- Access to world leading medical providers and expertise
- Concierge service from your broker sales and support team
- Family led benefits – including maternity and newborn care
- Exclusive access to Carrot's unique platform that provides you and your family with expert guidance and support on hormonal and family building journeys

Support for you and your customers

Flexible health plans Customers can adjust premiums to suit their budgets by choosing optional deductibles and cost share options

Extensive medical network Global network over 2 million hospitals and health care professionals

Global Telehealth Service We've made it easy to access healthcare advice from wherever your customers might be in the world
